About us.

Located in Denver, Colorado, Ice-O-Matic is a leading global manufacturer of a wide range of commercial ice-making products including cube ice makers, Pearl Ice® ice makers, flake ice makers, storage bins, dispensers and water filters. Since 1952 we have developed new technologies and programs, such as our new Elevation Series™ of cubers which are more efficient for business and safer for the environment.

ice is food.

General Information

Ice with a Clear Conscience

Sustainability
Ice-O-Matic offsets the carbon footprint of its Denver factory by using recycled packaging materials. We also recycle our industrial and office waste products.

Made in the U.S.A
A U.S.-based company with over 200 employees nation-wide, Ice-O-Matic provides and creates American jobs. Ice-O-Matic is committed to producing quality products, and to the hundreds of workers who make it happen. Ice-O-Matic products are designed and assembled in America.

ENERGY STAR®
Ice-O-Matic partners with ENERGY STAR and is dedicated to improving energy efficiency. Each ENERGY STAR certified ice maker can save businesses energy and money on their utility bills. When considering batch-type ice makers, ENERGY STAR certified systems can save, on average, about 1,200 kwh annually, or $125/year in electricity bill costs.

Sizing your ice maker

- Does the existing ice maker meet peak usage during the hottest time of the year?
- Where are the various ice stations in the establishment that will need ice?
- Will multiple ice stations be serviced from one or multiple ice makers?
- For future growth, consider building in at least 20 percent additional ice capacity on new installations.

Approximate Ice Usage Per Day

FOOD SERVICE

Restaurant	1.5 lbs. per person
Cocktail	3 lbs. per person/seat
Quick Service	5 oz. per 7-to 10-oz. drink 8 oz. per 12- to 16-oz. drink 12oz. per 18- to 24-oz. drink

LODGING

Guest Ice	5 lbs. per room
Restaurant	1.5 lbs. per person
Cocktail	3 lbs. per person/seat
Catering	1 lb. per person

NOTE: The charts above outlines the approximate required ice amount per day, depending on application usage.

Installation Considerations

Allow Enough Space for the Following Elements
- The ice maker, bin and water filter
- Airflow

Utilities
- What are the voltage and amperage characteristics of the electrical outlet that will be used for this ice maker?
- Is there a floor drain within 6 feet (1.8 meters)?
- Is there a water source with water shutoff?
- Are the utilities within 6 feet (1.8 meters) of the ice-maker location?

Remote Installation
- Is there an outdoor condenser location above the ice maker?
- Is there easy roof access and penetration?
- Maximum precharged tubing line run considerations?

Ice Maker Warranty

Every Ice-O-Matic ice maker is backed by a warranty that provides both parts and labor coverage. To register products, view the warranty details or check your warranty status, visit the "Warranty Registration" page at: **iceomatic.com/warranty**.

Cube Ice Makers – CIM and ICE Series
- Three years Parts/Labor
- Five years Parts on evaporators and compressors
- Seven years Parts on evaporators with IOM filter program (*U.S.A. and Canada only*)
- Includes remote condensers

Flake Ice Makers – MFI Series
- Three years Parts/Labor
- Five years Parts coverage on the compressor

Pearl Ice® Ice Makers – GEM Series
- Modular – Three years Parts and Labor
- Countertop Dispenser – Two years Parts/Labor
- Modular/Dispenser – Five years Parts coverage on the compressor
- GEMU090 Undercounter – Two years Parts/Labor

Gourmet Ice Makers - UCG Series
- Three years Parts and Labor

Dispensers – CD and IOD Series
- IOD Countertop Dispensers – Two years Parts warranty and one year Labor warranty

Storage Bins
- Two years Parts/Labor
- CD Hotel Dispensers – Three years Parts/Labor warranty

Water Filter Manifold Systems
- One year Parts/Labor (*excluding cartridges*)

Accessories
- One year Parts only

Residential Installation
- All commercial machines installed in residential applications have one year Parts warranty

Water Filtration System

- Buy a new Ice-O-Matic IFQ Series Water Filtration System with a new CIM Series™ Cube Ice Maker, replace the filter cartridge every six months and Ice-O-Matic will extend the limited cuber evaporator warranty to seven years Parts.
- New ice maker and filter must be installed at the same time.
- Must register both the ice maker and water filter online at iceomatic.com/warranty within five days of installation.
- Water filter cartridge model number and serial number must be included with registration information.
- Water filter changes must be recorded at **iceomatic.com** every six months or less.
- Program is available with all Ice-O-Matic filter systems.
- Replacement cartridge must be an Ice-O-Matic replacement cartridge IOMQ *(See sizing chart for cartridge requirements*).
- Available in the U.S.A. and Canada only.

Terms and Conditions

- List prices are F.O.B. Denver, Colorado.
- This price book supersedes all previous price books.
- Specifications and prices are subject to change without notice.
- All units tested per 810 and 820 AHRI standards based on 90^0 F air and 70^0 F water.
- All height dimensions of bins and ice makers with built-in storage include the height of the legs where applicable.
- For a full listing of Terms and Conditions, visit the “Compliance and Supply Chain” link at: **iceomatic.com/supply-chain.**

The best for your business.

Some people may not realize it, but ice is a type of food. It's also a key ingredient in most foodservice applications around the world. That's why it's very important to select the right type of ice and ice machine for your business.

When choosing a machine, there are several factors that need to be considered, including ice type, machine location, sizing/ice amount and condenser style.

ice
is
food.

Model Number Guide

Elevation Series™ - Cube Ice

CIM0330FA

CIM ..... Model CIM = Cube Ice Modular Series
03 .....Basic Family Size (lbs/24 hr): 03 = 300 lbs, 04 = 400 lbs, 10 = 1000 lbs plus
3..... Width of machine in inches: 3 for 30", 2 for 22", 4 for 48"
0 ..... Unit Electrical Characteristics: 0, 5, 6, 7 ***
F ..... Cube Type: H = Half, F = Full, G = Grande
A..... Condenser Type: A = Air, W = Water, R = Remote

UCG Series - Gourmet Ice Makers

UCG060A

UCG ..... Undercounter Gourmet Series
060 .....Basic Family Size (lbs/24 hr): 06 = 60 lbs, 08 = 80 lbs, 10 = 100 lbs, 13 = 130 lbs
0 ..... Unit Electrical Characteristics: 0, 5, 6, 7 ***
G..... Cube Type: G = Gourmet, GG = Gourmet Grande
A..... Condenser Type: A = Air Cooled

Pearl Ice® & Flake Ice Makers

GEM0956A

GEM..... Model GEM = Modular Pearl Ice®, Model MFI = Modular Flake Ice Series
095.....Basic Family Size (lbs/24 hr): Approximately 950 lbs
6..... Unit Electrical Characteristics: 0, 5, 6, 7 ***
A..... A = Air Cooled, W = Water Cooled, R = Remote Condenser

Remote Condensers

RCA2061

RCA..... RCA = Remote Condenser for cubers with a Headmaster
RGA= Remote Condenser for pearl/flakers without a Headmaster
20 .....Coil Size
6..... Unit Electrical Characteristics: 0 or 6
1..... Number of Circuits

Storage Bins

B55

B..... Model B = Bin
55.....Approx. Size: 55 = 550-lb capacity

Water Filter Systems

IF14C

IF1 ..... Filter Type: IFI = Ice-O-Matic Filter, inline type
4.....Fitting Size: 4 = 1/4", 8 = 3/8"

IFQ1

IFQ ..... Filter Type: IFQ = Ice-O-Matic Filtration System, IFQ Series
1 .....Number of Cartridges: 1 = Single, 2 = Double

*** Unit Electrical Characteristics
0 - 115/60/1 5 - 220-240/50/1 6 - 208-230/60/1 7 - 208-230/60/3

We make it easy.

Buying an ice machine doesn't have to be a challenge.

Determining production requirements and the type of ice you need is a good first step and will help make the process a little easier.

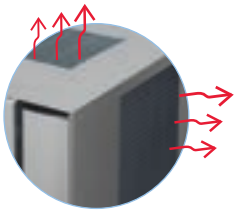
The industry standard.

It's that familiar clinking sound in your favorite beverage. It's the fresh, crystal-clear ice that tumbles into glasses at restaurants, bars and convenience stores around the world, cooling the drink while preserving the flavor. Our widely popular cube ice never goes out of style and is perfect for any application or occasion. Long-lasting cube ice is the right choice for a wide variety of uses.

ice
is
food.

SEALED FOOD ZONE

Unparalleled food safety. The only ice maker in the industry with a sealed food zone.



DUAL EXHAUST

Groundbreaking technology allows hot-air discharge from the side or the top of every unit for the ultimate in flexibilty.

SNAP IN AND OUT PLASTIC PARTS

Sanitation has never been easier. Parts snap in and out and are dishwasher safe, no bottle brushes or tools required.

STANDARD AIR FILTER

Cleaning made easy, removable and washable filter comes standard on Elevation Series machines.

ONE-TOUCH CLEANING

One touch to sanitize, one touch to de-lime. LEDs signal when cleaning is required.

The Elevation Series.

SIMPLY THE CLEANEST ICE MACHINES

Our new and ground breaking Elevation Series is designed to simplify life. Our cube ice machines are easy to clean, easy to service, simple to operate, and environmentally responsible without sacrificing productivity. The Elevation Series provides clean, dependable ice from an astonishingly user-friendly and energy-efficient machine designed to work as hard as you. We believe design simplicity equals operational excellence, and innovation goes beyond just adding bells and whistles.

ice is food.

FoodZone Disassembly and Cleaning

Incorporate FoodZone disassembly into your daily cleaning procedure for maximum machine uptime and food cleanliness

Loosen the two screws on the bottom of the front panel.

Remove the top plastic cover.

Remove the water hose.

Remove the evaporator splash plate.

Remove the distribution tube, depressing both side tabs.

Completely disassemble the distribution tube.

Swing up and depress the curtain's tabs to remove.

Remove the water reservoir by sliding out, down, and out.

All food zone parts are high temp dishwasher safe.

WATCH ME

design tip
twins on a bin

Run both air-cooled heads during busy season and one during slow seasons. The possibilities are endless!

Simplicity Elevated.

As the most advanced ice maker on the market, the new Elevation Series machines are easy to clean, easy to operate, easy to service and environmentally responsible without sacrificing productivity. Only from Ice-O-Matic, the leader in ice, pure and simple.

Look Inside

Pearl Ice® Series™—Ice Maker & Ice Water Dispenser Accessories

Model Number	Description	Ship Weight (lbs)
KPU090	Pump kit for GEMU090	7

A consumer favorite.

It’s a soft, chewable ice that absorbs the flavor of a beverage for more enjoyable chewing. This ice dispenses well, blends quickly and displaces liquid better than cubes. It’s a great choice for restaurants, convenience stores and is ideal for use in buffets, grocery stores, fish markets, chilled food displays and it packs well for healthcare applications.

Perfect for presentation.

Our flake ice is ideal for both the presentation and preservation of perishable food items. Ice-O-Matic flake ice extends the shelf life and appearance of seafood, fresh fruits and vegetables for fresher displays that help increase sales. Flake ice is also ideal for use in bakeries, perishable food transport and health care applications.
